

Paraphrase the following (aviation-related English) statements.

1. The plane must pull in to allow a 747 to overtake on the left.
2. We cannot extend the flaps more than 10°.
3. We don't know how long the delay will be.
4. Do you require a tug?
5. Converging traffic almost led to an airborne (mid air) collision.
6. Immediately turn right heading 270 due traffic.
7. We have a disabled aircraft on the runway.
8. The crew haven't adopted the landing configuration yet.
9. We are advised to remain outside controlled airspace due sector saturation.
10. Weather is below landing minima.
11. The main landing gear didn't deploy.
12. A steep turn didn't shift the gear so we're still indicating gear up.
13. Recently several amendments have been made to the operating procedure.
14. There was no indication of any fuel leak.
15. What's the timescale on this project?
16. Weather caused a bumpy ride for the passengers.
17. I just switched off the autopilot.
18. The cabin crew couldn't restrain the unruly passenger.
19. All traffic use runway 23 until further notice.
20. We are to adhere strictly to ATC instructions.
21. My fuel gauge is reading empty and the auxiliary gauge is reading low.
22. The pilots made a full power landing.
23. We are trying to catch the error and rectify it.
24. Pilots should always follow checklists to the letter.
25. We were told to stop the procedure.
